Midas serves as an umbrella collaborative for member organizations and other frontline local partners, amplifying their efforts and sharing best practices to promote more prosperous communities across the state. We have a holistic approach to financial security to create a strong collaborative network – united around a shared mission to support and protect the financial security of those most in need. Midas is committed to the identity and perspective of a network of practitioners, while engaging in strategic partnerships with other forms of institutions.

The Midas Collaborative strives to provide numerous benefits for our member organizations. Member organizations provide collaborative leadership, partner in program delivery, receive training and technical assistance.

**Member Benefits:**

- Opportunities for peer learning and networking at quarterly meetings. Our Quarterly Member Meetings include guest speakers, financial education trainings, and policy updates.
- Representation in statewide and national coalitions, including Massachusetts Association of Community Development Corporations (MACDC), Prosperity Now Champion Network, and Consumers Federation of America.
- A monthly e-newsletter on relevant financial capability issues.
- Access to support services for matched savings programs.
- Opportunity for increased visibility of your organization through Midas' communication outlets.
- Early access to events, research, and grant partnership opportunities.
- In addition to our Quarterly Member Meetings, Midas facilitates connections and support between our member organizations, creating opportunities for program collaboration, policy support, and overall strengthening of financial capability field.
